Instructions

1. Introduce one new pattern at a time. Show the new card, model the sound or sounds, and have each student repeat individually.
2. Show all of the cards that have been taught, in order. Students say the sounds in unison. Students say the sounds only (no key words) while looking at the cards.
3. Teachers can use the cards that show each phonogram and key word as pronunciation guides.
4. There are 54 cards, which teach a variety of phonics patterns and ending syllable patterns.
